How to Make a Model of an Arch. Although an arch looks sophisticated, its construction is relatively easy. You just have to use two certain crucial elements: the most lightweight material possible and a keystone. This technique allowed the ancient Romans to construct some very elaborate buildings. You can construct cubes and other geometric shapes...

While the purpose of a gate is to protect the garden (and all that's growing in it), garden gates do so much more than divide. Much like the front door to your house, the gate to your backyard should also be warm and welcoming so guests feel comfortable coming in. Set the tone for your backyard with these garden gate ideas, which are ideal for a range of outdoor spaces, from cottage-style ...
